# Refrigerators and Freezers

- Durable stainless steel exterior and interior
- Self-diagnostic digital temperature control and monitoring system
- Heavy duty 4" diameter front locking swivel casters
- Standard door locks with self-closing and stay open doors

- Cyclopentane Insulation – Environmentally friendly HFC free foam insulated units
- R-290 refrigerant – increase energy efficiency by up to 25% compared to HFC refrigerants
- All units accommodate full size bun pans
- Rear mounted evaporator pans on all top mount freezer units

## Bottom-Mount Reach-Ins Refrigerator/Freezer

- Bottom mount refrigeration system slides out for easy service and maintenance
- Energy star rated and CEC Energy Commission Certified
- Field reversible door – BSR23 and BSF23 models only (*additional kit required*)

BSR23-HC / BSF23-HC

BSR49-HC / BSF49-HC

BSR72-HC / BSF72-HC

BLUE AIR has the right to change specifications without further notice.

- All models equipped with NEMA 5-15 power plugs
- Electrodeposition coated evaporator for increased performance
- Lifetime guaranteed heavy duty all metal door handles
- LED interior lighting
- Freezer temperature range between 5°F ~ -10°F

- Refrigerator temperature range between 33°F ~ 39°F
- Proofer temperature range between 56°F ~ 59°F

## Glass Door Reach-Ins and Proofer

- Bottom mount refrigeration system slides out for easy service and maintenance
- Optional left hinged door – BSR23G and BSF23GP models only

BSR23G-HC / BSR23GP-HC

BSR49G-HC / BSR49GP-HC

# Undercounters

- Stainless steel exterior and interior
- Self-diagnostic digital temperature control and monitoring system
- Self-closing and stay open doors
- Cyclopentane Insulation – Environmentally friendly HFC free foam insulated units
- R-290 refrigerant – increase energy efficiency by up to 25% compared to HFC refrigerants
- Lifetime guaranteed heavy duty all metal door handles
- Epoxy coated wire shelves with adjustable shelving height
- Self contained rear mounted compressor
- Epoxy coated wire shelves with adjustable shelving height
- Four (4) 4" diameter swivel casters with front brakes standard
- All models equipped with NEMA 5-15 power plugs
- Freezer temperature range between 5°F ~ -10°F
- Refrigerator temperature range between 33°F ~ 39°F

# Chef Bases

- Stainless steel cabinet construction
- Polyurethane insulation – foamed in place and environmentally safe
- Designed to accommodate countertop cooking equipment
- Heavy duty top panel
- Front breathing side mounted compressor
- R-290 refrigerant – increase energy efficiency by up to 25% compared to HFC refrigerant
- Lifetime guaranteed heavy duty all metal door handles

- Models have a temperature range between 33°F ~ 39°F
- Removeable front thermometer panel and grille for easy access to refrigeration system
- Four (4) 4" diameter swivel casters with front brakes standard
- All models equipped with NEMA 5-15 power plugs

# Back Bar

- Galvanized steel cabinet with stainless steel floor construction
- Polyurethane insulation – foamed in place and environmentally safe
- Most models are equipped with front breathing side mounted compressor
- BBB23 and BDD23 models have back mounted compressors
- R-290 refrigerant – increase energy efficiency by up to 25% compared to HFC refrigerant

- Models have a temperature range between 33°F ~ 39°F
- Optional casters – casters are standard on BBB23 and BDD23 models
- Standard interior lighting
- All models equipped with NEMA 5-15 power plugs

## Keg Coolers

- Standard 12" stainless steel beer tower
- Heavy duty stainless steel countertop
- Recessed door handles
- 1" height adjustable shelving
- Field reversible door – BDD23 model only
